

AS THE MOST TREASURED AND PROBABLY THE MOST EXPENSIVE DRESS YOU WILL EVER WEAR IT IS IMPORTANT THAT YOU HAVE YOUR WEDDING DRESS PROFESSIONALLY CLEANED AS SOON AS POSSIBLE AFTER YOUR BIG DAY.

OLD STAINS, THAT YOU MAY NOT EVEN HAVE NOTICED, CAN BECOME IMMOVABLE AND POOR PACKAGING CAN OFTEN LEAD TO OXIDISATION, WHICH CAN TURN THE GARMENT A YELLOW/BROWN COLOUR WHICH CAN BE PERMANENT.

THIS IS WHERE ECO2 DRY CLEANING COMES IN

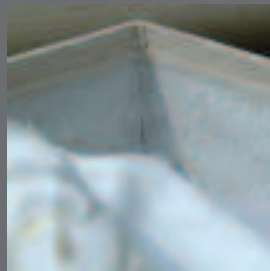

WE ARE HIGHLY EXPERIENCED IN IDENTIFYING THE CORRECT CLEANING PROCESS SPECIFICALLY TO YOUR DRESS. YOUR DRESS WILL BE INDIVIDUALLY CHECKED AS IT IS CLEANED TO ENSURE WE ACHIEVE A HIGH STANDARD FINISH.

NOT ONLY THAT, HERE AT ECO2 WE ARE PROUD TO USE THE FIRST ENVIRONMENTALLY-FRIENDLY DRY CLEANING PROCESS IN THE UK. THIS PROCESS USES LIQUID CARBON DIOXIDE AS AN ALTERNATIVE TO TRADITIONALLY USED PETROLEUM-BASED SOLVENTS. THESE SOLVENTS ARE HEAVILY LEGISLATED DUE TO THEIR DANGEROUS NATURE AND THE DAMAGE THEY CAUSE TO THE ENVIRONMENT. THE ENVIRONMENTALLY-FRIENDLY TECHNOLOGY OF THE ECO2 CLEANING PROCESS IS SAFE TO USE, GOOD FOR THE ENVIRONMENT AND HAS EXCELLENT CLEANING PROPERTIES.

YOUR WEDDING DRESS CLEANED AND PRESERVED IN A TOTALLY NATURAL WAY

ONCE YOUR DRESS HAS BEEN CLEANED, YOU CAN CHOOSE FOR IT TO BE CAREFULLY PACKED INTO A MUSEUM QUALITY PRESERVATION BOX CONTAINING SPECIAL PH NEUTRAL ACID FREE TISSUE PAPER. THE BOX AND TISSUE WILL PROTECT YOUR CHERISHED DRESS FROM ATMOSPHERIC ELEMENTS WHICH CAN BE HARMFUL AS WELL AS PREVENTING YOUR DRESS FROM DISCOLOURING AFTER SEVERAL YEARS. FINALLY, THE PRESERVATION BOX WILL THEN BE SECURELY AND METICULOUSLY PLACED IN TO ANOTHER OUTER BOX TO PREVENT IT AND YOUR DRESS FROM BEING DAMAGED WHILST IN TRANSIT ON ITS JOURNEY HOME.
